Happy Holidays

Dear Custom Field 1,

The "Holiday Shopping Season" during which a quarter of all personal spending takes place, is finally here. The time has come to grab your customer's eye. Let your customers know what you have to offer. With the economy on the low side, you really will have to make your products register in people's minds.

To check the **Deal of the Month**, scroll to the bottom of this newsletter.

Let It Show, Let It Show, Let It Show!

If a picture is worth a thousand words, why not use it on your windows?

Yes, we all love to window shop during the holidays, and if that is true, then what be a better way of advertising than Window Graphics? Simple and attractive window displays not only inform passersby about what you have to offer or what the specials are, but also let them know you are upto date with the current season's events.

Typically window graphics take 3 to 5 days from design to final installation on your windows. **At Saifee Signs, we do design, printing and installation** of window graphics including:

1. Full color photographic images in see-through perforated vinyl
